

# 19th Annual Myocarditis Foundation Golf Tournament

**Monday, August 3, 2026**  
**Arcola Country Club**  
**Paramus, New Jersey**  
**Shotgun Start 1:00pm**

## *Event Highlights:*

**Complimentary Shopping:** Each golfer will enjoy a personalized shopping experience, featuring premium golf merchandise.

**Lunch:** Indulge in a grilled lunch prior to the start of the outing. We will offer several on course food and beverage stations.

**Arcola Country Club:** Nestled in the heart of Paramus, Arcola Country Club boasts unparalleled beauty and exclusivity, offering a picturesque backdrop for your golfing experience. The outing format will be individual play, two best balls per foursome. Caddie costs are fully covered.

**Post-Game Events:** After the game, unwind and socialize at our lavish cocktail hour followed by dinner. Enjoy the premium silent auction items, raffle prizes, and awards ceremony.

Join us for a day of golf, camaraderie, and philanthropy as we come together to make a difference in the fight against myocarditis.

## *What is Myocarditis?*

Myocarditis is often thought of as a rare disease, but in truth, it is not as uncommon as many believe—particularly viral myocarditis. It affects individuals of all ages, though the highest risk group is young teens to individuals in their early 30s. Interestingly, boys are diagnosed twice as frequently as girls, with many cases occurring in otherwise healthy and athletic young men. Myocarditis is also the third leading cause of sudden death in children and young adults, making it a critical issue that deserves more attention and awareness.

Myocarditis is an inflammation of the heart muscle (myocardium), which can result from viral or bacterial infections, immune-mediated diseases, or exposure to toxins. When the heart muscle becomes inflamed, its ability to pump blood weakens, potentially leading to arrhythmias, heart failure, or even sudden death in severe cases. Early diagnosis and treatment are critical, as outcomes can vary significantly depending on the severity of the inflammation and its effects on heart function.

## *Myocarditis Foundation Celebrating Over 20 Years!*

For over 20 years, the Myocarditis Foundation has been a beacon of hope for patients, families, and healthcare providers worldwide who are affected by this devastating disease. Our foundation's mission is driven by our commitment to advancing knowledge, offering support, and funding vital research.

With your help and the generous support of donors, we have been able to make a meaningful difference in the lives of those affected by myocarditis. Through our annual fundraising events, like the 19th annual golf outing, we are able to raise funds to fuel our mission, including:

- **Education and Awareness:** Disseminating accurate, timely information on myocarditis and pericarditis to patients, families, and medical professionals, helping to raise awareness about the risks, symptoms, and available treatments.
- **Research Funding:** Contributing to innovative studies and research aimed at uncovering the causes, treatments, and prevention of myocarditis. To date, we have funded 27 research grants totaling almost \$1.2 million.
- **Community Support:** Hosting educational conferences and providing support resources for patients and families is at the heart of our mission. These gatherings offer not only the opportunity to connect with others experiencing similar challenges, but also provide participants a chance to learn from world-renowned experts in the field.

# Sponsorship Opportunities

## *Golf Sponsorship (includes golf foursome)*

- Title Sponsor ..... \$8,000
- Mission Sponsor ..... \$5,000
- Lunch & Dinner Sponsor ..... \$8,000
- Raffle Prizes Sponsor ..... \$6,000
- Cocktail Sponsor ..... \$6,000
- Driving Range Sponsor ..... \$5,000
